Re-opened by the received coroner's report indicated that the deceased possessed an anti-convulsant within his system which he was not prescribed. Following my re-opening and furthering the investigation which had not been conducted, because it was initially deemed a natural death by Sergeant Cynthia Morrow, probable cause was found to have charged the suspect, his girlfriend, with criminally negligent homicide, however, the statute of limitations had already ran on that charge. The case was re-closed after all documentation was compiled. I had several subpoenas issued as well as a district court judge found probable cause to issue a search warrant which I executed on the residence.

Agency TPD | Written by JOHNSTON, CHRISTOPHER (1097) on 8/14/2023

On 08/14/2023 at approx 1521 hrs I, Officer Johnston, was dispatched to the Tarrant Police Department (2593 Commerce Cir) on fraud. Upon arrival at approx 1525 hrs I made contact with [REDACTED] [REDACTED] stated she was advised by her bank someone had cashed a check in her name and defrauded her account in doing so.

█████ stated the bank advised her someone wrote a check out that had her signature on in the amount of \$25.00. █████ advised the bank told her the person who cashed the check was Justin Goolsby. █████ stated she wrote a check in the amount of \$40.00 to Goolsby sometime last month and that check number was #5292. █████ stated the check that was cashed by Goolsby on 08/09/2023 was #5298 and it was not written by her. █████ stated she still has check # 5298 in her checkbook. █████ stated the last check she wrote was for the amount of \$286.00 (# 5296) for her power bill to Tarrant Electric. █████ stated the date on the check and the check number both look as if they were altered.

█████ stated she is familiar with Goolsby because she wrote the \$40.00 check to him to cash and give to her son. It is believed that Goolsby took the \$40.00 check and used it to make a copy of. █████ also stated Goolsby makes photo deposits to USAA Bank to avoid make transactions in person.

A copy of the altered check was attached to this report.

This report indicated that the victim already was aware who the suspect was and the details indicated it was a clear felony. I contacted the victim who advised she still wanted to prosecute. After I completed the investigation, which was never assigned by Chief Wendell Major, the Jefferson County District Attorney's Office issued a felony warrant for forgery in the third degree and a misdemeanor warrant was also issued.

This narrative clearly indicated that extortion of the male had occurred which would be a serious misdemeanor crime. However, it was closed without any further investigation to pursue charges.

On 6/2/23 Officer Smith responded to The People Pawn in reference to a theft. When Officer Smith arrived on the scene he met with the manger Ivan Miller. Miller stated he was doing inventory when he noticed he was missing a ring. Miller stated he checked the records and noticed a Gent's Gold Diamond Wedding Band was not sold. Miller stated he review the video footage to see who took the ring. Miller stated a black male with a white tank top on reached behind the countertop taking the ring. Miller stated that same male was in the pawn shop with another male on 6/1/23. Miller stated the other male was trying to pawn a item but did not have any identification. Miller stated the male who stole the ring used his identification so his friend can pawn a item. Miller stated that's how he got the black male information who stole the ring. Miller stated the male that stole the ring name is Darryl Steele. Miller stated he had a long conversation with Steele and his friend while they were doing business. Miller stated Steele even shook his hand and looked in his eyes before they left the pawn shop. Miller stated he is willing to prosecute.

Officer Smith did a six-man photo line to see if Miller can pick out Steele. Miller was able to pick out Steele within a second in the lineup. Miller showed Officer Smith a picture of Steele reaching behind the countertop and stealing the ring out the show case. Officer Smith explained the warrant process to Miller so he will be able to attempt to get a warrant on Steele. Miller stated the ring Steele stole was a Gent's Gold Diamond Wedding Band 6.8G 14K-Y/G, 9-round Brilliant Cut Diamond 1.80 CTW. Miller stated the ring cost is 1,169.99.

Picture of Darryl Steele hand in the show case is on attachments.
Picture of Darryl Steele is in attachments. (To help identify Steele in the video picture)

Copy of the inventory paper of the ring and price of the ring are in attachment.
Officer Smith will screen the warrant to the District Attorney Office.

This reported presented that a retail theft had occurred and the incident was on video along with the suspect's identification on file. However, this case was closed and not assigned for further investigation. After I re-opened this case and further pursued it, a felony warrant was issued for retail theft by the Jefferson County District Attorney's Office within less than 24 hours. In the event it was not re-opened, the warrant with a \$100,000 bond would have never been issued.

Agency TPD | Written by GILES, SHANNON (1114) on 6/6/2023

On 06 June 2023 at approximately 0528 MT I, Officer Shannon C. Giles was dispatched to C. Hewitt Park to investigate an animal attack.

When I arrived on scene, I observed a Hispanic female laying on the ground by the pavilion and there was a black pit-bulldog and a brown pit-bulldog attacking her. I exited my vehicle and immediately started running towards her location and started hollering at the dogs to get them away from her who has later been identified as [REDACTED]. I drew my service weapon and fired 3 shots striking the black pit-bull and 2 shots striking the brown pit-bull totaling 5 rounds. Both dogs took off running leaving blood trails behind. The black pit-bull limped across Pinson Valley Parkway as the brown pit-bull ran towards the ditch at the entrance of the park. Officer Muwwakkil followed the brown pit-bull and fired his service weapon at the dog as well. I notified dispatch that shots had been fired and immediately rendered aid to the [REDACTED]. She stated, "he was attacked too!" When I looked over to my left, I observed a black male (later identified as [REDACTED]) laying on the ground against a brick structure in a pool of blood. I went to his aid and saw that he had been severely bitten by both dogs on both legs, feet, arms, and face. His bones were exposed in his right leg. Tarrant Fire & Rescue arrived on scene and began to render aid to both victims.

Officer Muwwakkil and I began to track down the dogs and blood trails led across Pinson Valley Parkway both on the road and under the road which a ditch ran. We notified the workers at Knapheid and advised what had happened if they were to come into contact with either dog. Both dogs may later be found deceased in the wood line.

We arrived back on scene, and I approached the actual caller/witness who was identified as [REDACTED]. I spoke with her to gather information on what she witnessed. She stated that she arrived at the park to exercise as normal, and she observed the dogs roaming around. She stated that she observed [REDACTED] trying to get the dogs away from [REDACTED] and both dogs then attacked her. She also stated that every time [REDACTED] tried to run, the dogs would pull her back down to the ground. She stated that she immediately dialed 911, picked up a stick, and hid behind a brick wall so that she would not be attacked.

Center Point Fire & Rescue arrived along with RPS to transport both victims to the hospital. [REDACTED] son arrived on scene, and she was taken to a hospital (unknown) by private vehicle. [REDACTED] was transported to UAB Hospital.

I collected [REDACTED] shoes and a pair of bloodied socks, packaged them in an evidence bag, and placed them in Locker B as property that can be released to owner.

I attempted to call [REDACTED] son to get her physical address to update this report but no answer. I will follow up with him at a later time and update her physical address.

Video and audio were captured via my body-worn camera.

This horrible incident detailed that a collar was on one of the canines, however, Chief Wendell Major closed the case regardless. This case was in the process of being investigated by Detective Jacob Rouse. I re-opened the case, located the suspect, and had the suspect come in for a formal interview. I also spoke with each one of the victims. One victim is nearly deceased from the incident and the injury photographs are attached. If I had not re-opened this case, the suspect who admitted to the crime and took "full responsibility" would have never been charged for knowing his canines were loose in Tarrant. One victim can no longer speak and is bed ridden from over twenty surgeries. Once I concluded the investigation which was closed by Major, the Jefferson County District Attorney's Office issued two felony warrants for the suspects arrest.

Gmail - Reopened Cases

On 08/03/2023 Officer Stewart was dispatched to 1237 Fulton avenue in reference to breaking and entering of a vehicle. Upon my arrival I made contact with the victim [REDACTED] who stated that some unknown subject(s) entered his unlocked vehicle and stole the listed items. [REDACTED] stated that he has cameras that caught the unknown subjects entering the vehicle. [REDACTED] stated that he will prosecute. [REDACTED] advised he was aware of how to sign a warrant in Tarrant. Videos of the incident was posted by Officer Smith. The firearm was entered into NCIC under AIN / NIC 33679974 / G656061559.

This was re-opened because it is a clear felony of breaking and entering a vehicle. It should have ben assigned to an investigator to review the video footage, seek witnesses, and to obtain further evidence.

Importantly, each of these cases have actual victims of those crimes involved and cases prior to these present that Major was aware of how to assign cases for further investigation. As of date, following a precursory review of cases closed by Major, we have retrieved 34 felony warrants on cases that were closed and/or never assigned for investigation. More so, I have attached our CURRENT policy regarding these investigations. I apologize for any venting, however, this was an extreme disservice to the citizens victimized by the related crimes and some of these cases are lost because the evidence that would have been available the date the crime occurred is most definitely not available over 30 days after the events. I'm still unsure when he will unblock my main email address which is also hindering investigations because most of my investigative tools (software) are linked to that email address for secondary verification.

Thank you,

Narrative

Written By HOWLE, PATRICK	Date Written 06/24/2023
------------------------------	----------------------------

On June 24, 2023, at around 12:30 pm the victim, [REDACTED], appeared at the Police Dept. to report a domestic altercation that took place moments earlier at 1209 Forest Drive. Martin said her boyfriend, Larry Dewayne Kimble Jr., arrived at their house and was acting combative, and confrontational, and appeared to be under the influence of unknown drugs. She said they planned to go out of town on the day of the report but were interrupted by a disagreement about the suspect's conduct pertaining to correspondence with females on the application Snap Chat. The verbal argument became physical when the suspect shoved the victim onto their bed and started choking her. The victim said their children were present during the altercation. Once she became free from being held down, she ran and got into a vehicle, and drove to a place of safety. After the victim was at the police department the suspect arrived and was trying to intimidate the victim. The victim stayed in the lobby as the dispatcher on duty locked the doors for protection. I was en route to the station to meet with the complainant when I heard about the suspect showing up over the radio. The suspect fled in a gray Chrysler 300 prior to my arrival. After noting her information for a report, she requests that I take a gun that belonged to her boyfriend from the vehicle she was driving and keep it at the station. I explained the legalities of the request and denied but I did offer to make the weapon safe for travel. The victim led me to the driver's seat where I saw a black AR-15 wedged between the console and seat of the Tahoe. I ejected the magazine full of bullets and opened the chamber and a live round ejected onto the ground. I placed the weapon in the back between the speakers and the liftgate. I noted the make, model, and serial number. The female victim then left with a case card and case.

Supplemental Narrative

Written By MAJOR, WENDELL	Date Written 06/28/2023
------------------------------	----------------------------

[REDACTED] states after this incident the suspect chased her in Unincorporate Jefferson County while she drove to retrieve her vehicle from 517 Sun Valley Road Birmingham, Al. 35215, where she had left it to be repair sometime earlier. Jefferson County Sheriff's Deputies took a report about his pursuit of Ms. Martin and the suspect's fleeing from the Deputies in another vehicle, JCSO Case #2023-00048157.

[REDACTED] did not find her vehicle at the Sun Valley Road location and informed JCSO Deputies who checked and found the vehicle at the location and notified Ms. Martin who sent Weil Wrecker Service to tow the vehicle to a Ford Dealership. [REDACTED] states her vehicle was more damaged (back door will no longer close, and center console has been dislodged) than when she left it at 517 Sun Valley Road and the suspect remains in possession of the vehicle keys.

2. Case 23007453 – Homicide Investigation – While on administrative leave, Major deleted the homicide and arson classifications for this case on 12/30/23 in EFORCE despite a credible witness stating that the suspect admitted to committing the acts. The case was later re-classified as a homicide and arson and Major again deleted the classifications on 12/31/23 and then again on 1/1/24. This case was eventually taken over by another agency when it was determined that the incident occurred within that agency's jurisdiction. The Jefferson County District Attorney's Office has an open case against the suspect for homicide (DC-2024-000324).

INITIAL EVENT (CASE #220701256)

According to [REDACTED], on the first event occurring on **July 31, 2022 at approximately 1:39 am**, [REDACTED] and his juvenile son were taking a trail which runs near AWB Truck Sales & Parts ("AWB") located at 2281 Pinson Valley Parkway, Tarrant, Alabama. 35217. According to [REDACTED], they were driving (off-roading) a recreational vehicle in the area and had left their residence around 11:30 pm so that it would be a proper temperature for recreational driving during the summer. [REDACTED] informed that he also checked Google Maps and observed there were several things to sight see in the area and a lot of trails are also connected. [REDACTED] also informed that a large group of individuals, approximately 100, make up a group of individuals who off-road for recreation, i.e., dirt bikes, ATVs, etc. [REDACTED] informed this was his first time taking this trail in the area. Corporal Williamson advised that those circumstances were reasonably understood; as off-roading at night is fairly common. [REDACTED] informed that his bright orange Kubota RTV bore a 60" light bar which was on and his music was "blaring" at the time, having no interest in sneaking.

According to [REDACTED], he had never met the suspect, later identified as James Edward Gates ("Gates") within a photo lineup of six individuals, who he later found out lives at AWB within a truck on the property. [REDACTED] informed that while on the trail on said date, Gates came out of the woods and began firing a shotgun apparently containing bird shot at him, [REDACTED] and his thirteen year old son while in the RTV mentioned above. The RTV takes diesel fuel. Corporal Williamson observed documentation presenting lead projectiles covering a significant area of [REDACTED] body and [REDACTED] informed that the hospital did remove some lead from his intestines and spleen. According to the original police report, written by Officer Stewart, contact was made with [REDACTED] and [REDACTED] at the Mobil Gas Station within Tarrant, Alabama. Both [REDACTED] and [REDACTED] were suffering from serious injuries and were in shock leading to their transport to a local hospital by ambulance. According to [REDACTED], the statement of, "[REDACTED] instructed everyone on the scene not to tell the police any information", was not true and that he simply informed the Tarrant Police Department to stop questioning his son who was evidently in shock. Both [REDACTED] and [REDACTED] received treatment when they arrived at the hospital and [REDACTED] informed that no further action had been taken regarding his case. [REDACTED] additionally has expressed concern with Sergeant Detective Morrow's competence; having not taken action.

SECOND EVENT

On **July 29, 2023 at approximately 7:40 pm**, the Victim, [REDACTED] was walking South from a public trail near AWB and approaching the main gate entrance to AWB which he informed was open (not closed). According to [REDACTED], he didn't believe he had even made it to the gate yet before the following events occurred. [REDACTED] informed there was a canine present and he observed the suspect, James Edward Gates ("Gates"), approaching to obtain the canine. According to [REDACTED], he was apparently recognized because Gates saw him and turned around instead to obtain a pump action shot gun. [REDACTED] informed that Gates then aimed and began firing rounds in his direction from this shot gun causing him to run, hide, and dial 911. [REDACTED] informed that he was unable to determine what kind of rounds were being discharged at him and that Gates said absolutely nothing during the event.

According to [REDACTED], a Tarrant Police Department unit drove by but a unit never went onto the AWB property although he had never stepped foot onto the property himself. [REDACTED] informed that he owned a DJI Mini 3 which was in his possession and he thereafter deployed it; flying it over AWB. Corporal Williamson was presented with video footage showing a drone clearly flying over the AWB property and two male subjects are evidently armed. One subject, in one of the videos, is apparently with two canines and observes the drone flying over the property. The male subject then retrieves what is believed to be a firearm from a red pickup truck and began firing at the drone. A flash could be seen on the video when the shot is made. Another subject, in an alternate video, exits the business with a shotgun and also begins discharging rounds at the drone; that subject clearly fits the description as Gates. Corporal Williamson has attached snapshots of that individual.

[REDACTED] informed that his drone was damaged during the events of being shot at; as one of the wings was damaged. [REDACTED] also informed that he was hiding in the woods approximately 20 minutes waiting for police

assistance that never arrived. When asked by Corporal Williamson whether he perceived that Gates was attempting to kill him, he advised that he believed that Gates was most definitely attempting to. [REDACTED] advised that Gates had nearly succeeded previously due to injuries sustained for being shot by bird shot at close range on the prior incident. [REDACTED] even complained that lead remaining within his body may cause his death at a later date from the previous incident.

Corporal Williamson conducted research and determined that bird shot, utilized at close range as the attached photographs suggest, could have caused death to [REDACTED] or [REDACTED]. Bird shot within less than twenty feet results in a significantly close grouping of projectiles which could have caused serious internal injuries leading to death. Nonetheless, serious physical injury was evident on the prior event and could have been the result of the second. More so, [REDACTED] still has lead within his liver, lungs, brain areas, and areas head to toe as informed. Finally, lead poisoning is known to cause and render serious health concerns including death.
